KeyNorthNet Project

**Client: Sam North**

## 1 Document Information

### 1.1 Document Authors

Author's Name
Bokyoung Moon
Dayoung Lee
Hongback Son
Professor's Name
Mark Buchner

### 1.2 Revision History

Version	Date	Note
V1	21-DEC-2017	First Draft
Final	04-JAN-2017	Final

### 1.3 Document Approvals

**Date: 21-DEC-2017**

**X Sam North** \_\_\_\_\_  
Name of Client/Rep  
Company Name

### 1.4 Document Purpose

The purpose of this document is to define the project, in order to form the basis for its management and the assessment of its overall success.

## 2 Project Overview

### 2.1 Project Description (including Project Background)

This project has been initiated since it has been recognized that SYS366 course project to support all processes and information would deliver benefits.

### 2.2 Positioning

#### 2.2.1 Problem Statement

<b>Problem of</b>	Extended business will require centralized management system which would be able to support increased workload for employees, customer service, and balance out financial situations.
<b>Affects</b>	Customers, customer service, project management, finance management, and employees.
<b>The Impact of which is</b>	Inability to pay bills, unordered and abstract database, and overwhelming workload.
<b>A successful solution would</b>	Provide a centralized computer system that would handle the increase of workload and client-friendly customer database. Also, this solution would solve financial difficulty that the company is currently facing.

### 2.3 Stakeholders and Users

#### 2.3.1 Stakeholders

<u>Stakeholder</u>	<u>Category</u>
Owners	Technology Adopters
Project Manager	Standard User
Customer Service Manager	Standard User
Human Resource Manager	Standard User
Finance Manager	Standard User
Technicians	Standard User
Seasonal Staff	Standard User
Inventory Manager	Standard User
Class Manager	Standard User
System Developers	Developer/Authority
Centralized Computer System	Non-Human User
Customers	Customer
Government	Authority

### 2.3.2 Stakeholder and User Needs

### 2.3.3 Product Position Statement

<b>For</b>	Key North Cottage Supply
<b>Who</b>	Require a centralized computer system to aid in finance, customer service, and project management.
<b>The</b>	Centralized Computer System is an integrated management system
<b>That</b>	Aids in finance, customer service and project management. The new system will be able to solve workload in the process of extending company.
<b>Unlike</b>	Previous system has difficulty handling increased customer database, financial workload and project management.
<b>Our product</b>	New system provides durability, flexibility, and reliability for many years.

### 3 Scope of System Being Developed
